*“When I first moved to the area in 2012, I knew very few people and very little about Beckley and Raleigh County as a whole. The more and more I got familiar with my new surroundings and got to know the great people of this community, I knew that I could make a difference. Being a young professional and new to the area. In the Fall of 2017, I applied for, and was accepted into Leadership Beckley. Through this tremendous program, I not only gained an intimate knowledge of my community, but have met some amazing people. I now serve on the Planning Committee for Leadership Beckley and the BRCCC Governmental Affairs Committee, both of which are working constantly to improve our community and the lives of its residents. To me, the Chamber of Commerce and Leadership Beckley represent limitless opportunity for personal as well as professional growth. I would encourage any business or professional, young or old, to get involved and help continue to make our community the best it can be.”*
